I was a completely relaxed bride on my wedding day. How is this possible you ask? I had my wedding at the Rapids Theatre. From the ambience, the professionalism by all the staff and the great care they took of myself and bridal party, I cannot more highly recommend this venue. Steve and his team took care of everything, and I mean everything. I forgot 2 of my centerpieces, no problem Steve's on it. My singer needed to be picked up from her hotel room, no problem Steve's team took care of it. I was a very picky bride and wanted no head table, no problem the Rapids theatre is there to accommodate you to have your dream wedding. If you can wish it, think it, or dream they can make it a reality. Do you know some places can have as many as 6 weddings going on at the same time as your special day. The Rapids Theatre is the hidden gem in Niagara falls NY that will leave your guests absolutely speechless. I still have people talking about how grand my wedding was months after it happened. That's the type of impact you will have when you have your wedding at the Rapids. The amount of attention to detail that Steve and his team pay to your every wish will make any bride be able to relax on her big day. From rehearsal to the moment of truth, Steve and team are the coordinating your bridal parties every move. There will be no unruly ring bearers or lost father of the brides. All the bridal party will know just where to stand for optimal pictures and the lighting display you pick (Yes, that's right just one of the perks of being a Rapids bride) will make you look your best on your special day. Want a wedding that you and your guests will remember for a lifetime? There's only one place, the Rapids Theatre Niagara Falls NY.

My wedding day was nothing less than what you dream of as a child. The staff of the Rapids Theatre and Rich's catering are a phenomenal combination. The experts at Rich's make it impossible to sweat the little things on wedding day and leading up to it. You name it and it's taken care of; the best man's belt broke and Steven (Rich's fantastic wedding coordinator) was there with heavy duty safety pins to prevent a catastrophe. What made me fall in love with the venue in the first place (aside the gorgeous architecture) was Marie from the Rapid's and her commitment to making the day perfect. When I first was looking into venues I emailed around a few places, every other place acted like they were better than my wedding, took a long time to get back, and made me feel like an after thought. Marie got back to me almost instantly, and was completely excited that I would even consider her venue. The DJ loved it because all they had to do is hook up to the state of the art concert sound system. Included in the rental fee is the Rapid's videographer, who will run a live feed on the projection screens of your wedding, so everyone can see your special moment. The food was to die for, Rich's food was not only delicious, but the presentation was very classy. One of the big draws to the venue for me was the fact that everything is centrally located. I have been to many weddings where people are split up outside, or on the other end of the room at the bar. I wanted everyone together; the bar is enormous and right next to the dance floor. My wedding had 200 guests, it was overwhelming enough to visit with everyone, it made everything a lot easier since it was one large area. The day was absolutely perfect, and I am confident that we made the right decision to have our wedding at the Rapid's Theatre. I tell everyone that I want a friend to get married there so I can enjoy it as a guest!

I cannot say enough good things about Rapids and if we were to do the wedding all over again I wouldn't change the venue one bit. They worked in conjunction with Rich's for catering and everything was absolutely amazing. The setting of Rapids is breathtaking and because the venue is so beautiful we were able to save some money by sort of skimping out on the "extra" decoration-type stuff since the venue on its own is so perfect. The staff was responsive, attentive, SO incredibly easy to work with and did everything they could to make sure our wedding went off perfectly.

Rapids was the perfect reception venue! We were married in July 2015, and I still have people telling me what an amazing reception we had. We chose this venue because it was unique and stood out against the other places we looked. During the planning process they were very easy to get ahold of and readily answered all of our questions. Both Rapids and Rich's Catering were great to work with, and made the process very easy. We had no stress on our big day, because literally every detail was taken care of. If anything popped up, they took care of it without worrying us. Planning a wedding is a huge process and working with Rapids and Rich's made things easier. They know what couples want and they know how to get it, or the contacts to get it. I cannot say enough good things about this venue and would recommend it to anyone.

Marie is awesome! She was there for my husband and I every step of the way! They made our special day very glamorous and exciting. They more than accommodated us when we fell on hard times and our wedding turned out beautifully! Marie was such a gem during our entire night; she even helped a guest of ours with her baby! My husband and I enjoyed our entire night along with all of our guests! I definitely recommend hosting an event at the theatre and working with the rapids team.

Please consider The Rapids Theatre as your Wedding Venue. I never expected to be this pleased with the dedication and service that Rapids' provides. Not only is the Theatre gorgeous and great for pictures, the staff is extremely friendly and supportive. I was very relaxed the day of my wedding because they took care of everything. I didn't have to worry about a thing. They took responsibility of the schedule and making sure my event was everything I wanted it to be. Rapids went above and beyond what I expected. At times, I felt like I was working with several wedding planners. They give you great advice, and my planning was stress-free. Please consider them for your event!
